BEACH

Tulemar Beach is all of that and so much more. Carved into the Manuel Antonio coastline like a tiny iguana's head, the beach stretches 350 meters from tumbled volcanic rocks on the north to a teak tree topped promontory on the south. In between is a perfect swimming cove of warm sand and gentle waves which can still supply a great boogie board ride. There's even a fresh water stream which cascades down to the water.

There are no crowds on our exclusive stretch of soft sand. As a guest, lounge chairs, umbrellas, beach towels, kayaks, life vests and boogie boards are all available for complimentary use. Our friendly attendants ensure that you can enjoy your favorite cocktail or a snack from our beach bar and restaurant without having to leave your chair. When you've had your dose of vitamin sea for the day, there's a fresh water shower to rinse off the sand and sun before heading back to your Villa.

There are two ways to visit your beach. Travel the trails by foot to see the rainforest within our gates—you might just spot orchids growing on trees, monkeys, sloths and more. The real bonus is at the end when the beach begins to reveal the endless view of the Pacific right up to the horizon. Or, guests are invited to take our courtesy shuttle for easy travels. Either way, our sheltered piece of Pacific coastline will be something you'll remember!
